EXPERIENCE

RGUKT Alumni Association(RAA), RGUKT IIIT RKValley, Idupulapaya
- General Secretary | March 2023 - Present

- Built a strong and dedicated team to efficiently manage Alumni cell.
- Guided junior team members in learning MySQL and MongoDB to effectively manage data in the database.
- Contributed to organizing and managing several alumni events, including the 15-year celebration of RGUKT and NAC Alumni gathering event,2023.
- Initiated and launched "CAMPUS SARANSH", a monthly magazine aimed at connecting alumni updates with present students.

Geeksforgeeks, Noida , Uttar Pradesh
- Campus ambassador | Remote | July 2023 - Present

- Promoted GeeksforGeeks resources and events among students to enhance their coding and technical skills.

PROJECTS

"LINKEDRAA"
Problem : RGUKT students struggle to connect with alumni because there's no dedicated real-time communication platform. This makes it hard for students to get timely advice, mentorship, and networking opportunities. It also limits alumni from staying engaged and contributing to the college.

- Developed LINKEDRAA, a real-time group chat platform for RGUKT alumni and students, using React.js for the frontend.
- Implemented the backend with Node.js and Express.js to handle server-side operations and API requests.
- Created and managed user authentication and authorization systems to ensure secure access for alumni and students.
- Utilized MongoDB for efficient data storage and management.

"PIXELVERSE"
A gallery website using the Pixabay API to display a vast collection of high-quality images.

- Implemented API calls to fetch and render images from Pixabay.
- Created a responsive and interactive user interface using React.js, enhancing the user experience.
- Utilized Bootstrap to design a fully responsive layout.

"EUREKA TIMES"
A Responsive user-friendly Website Where Juniors can Interact with Seniors and Share their Resume for the Job Referrals. Using HTML, CSS, JavaScript, Bootstrap, PHP and MySQL.

- Utilized HTML, CSS, JavaScript, and Bootstrap to design and build the website interface, ensuring a seamless user experience.
- Developed the backend using PHP, managing sessions to maintain user states and handle authentication.
- Employed MySQL for data storage and retrieval, using phpMyAdmin for efficient database management.

CERTIFICATES

- Aadhya Hackathon Participation - RGUKT CSE Dept.
- Introduction to Front End Development - Simplilearn
- Introduction to Responsible AI - Simplilearn
- Promt Engineering with Chatgpt - Udemy
